**Step 4:** Push upper section onto Centre Flat Panel (C).

**Step 5:** Push Upper Divider Panel (E) into upper dividers.

Step 6: Screw 10 cam pins (K) into both Side Panels (F). Push into sides of unit. Lock cam locks by turning until tight.

Step 7: Attach steel frame (I) to Base Panel (H). Line up holes on frame and panel and insert Bolt (L) and tighten nuts.

Step 8: Screw in 4 cam pins into other side of Base Panel (H) and then push onto frame. Lock cam locks by turning until tight.

Step 9: Install castors (J) onto base of unit in pre-threaded holes. Tighten until the castors are flush with base.
